SUMMARY

Software Developer transitioning from operations roles, with mid-level experience delivering web solutions. Built a responsive fitness app that leveraged AI and a robust PostgreSQL database, enhancing user workout tracking. Holds CompTIA Security+ certification and expertise in JavaScript, React, Node, and Linux to ensure secure, maintainable code. Aiming to apply an operations-driven mindset to create efficient, secure web products.

TECHNICAL SKILLS

- **Certifications:** Udemy: Complete Web Developer, Dion Training: SY0-701 Course, CompTIA Security+
- **Operating Systems:** Linux, Windows, Virtual Machines
- **Technical Skills:** PowerShell, WSL, SQL, Python, Node, JavaScript, React, Git, HTML, CSS, RESTful APIs, Trello
- **Security Tools:** Metasploit, Snort, Splunk, Wireshark, Burp Suite, SIEM, EDR, IDS/IPS, OSINT
- **Soft Skills:** Teamwork, customer service, communication, attention to detail, continuous improvement, problem-solving, research skills, reliability, responsibility, adaptability, quick learner, self-motivation, organization, ownership

LATEST PROJECTS

GAiNZ Fitness Planner
- React app collaborative project that uses AI logic to create workouts from a curated database

FaceTrace
- Web app that maps face boxes over any faces in an image from a URL using an external AI API

BookBuddy
- Library app that allows you to log in/register and check out books while keeping track of state

Robofriends
- Bootcamp project using JavaScript that mimics a social media app with robot friends

EDUCATION

University of Michigan | *Certificate, Online Software Engineering Immersive*   **Aug 2025 - Nov 2025**

Schoolcraft College | *Associate Degree, Hospitality*   **May 2012 - Apr 2015**

RELEVANT EXPERIENCE

The Godfrey Hotel | *Chef de Cuisine*   **Feb 2024 - Feb 2025**
- Created prep lists and order guides that clarified ownership and sequencing, improving team handoffs and daily productivity. (Responsibility)
- Reduced labor costs by 5% and food costs by 9% through standardizing recipes and organizing inventory. (Organization)
- Coordinated weekly cross-department planning meetings, prioritizing initiatives and aligning resources, which reduced errors, increased execution speed, and improved guest experience (Management)

Kuehne & Nagel | *Operational Service Representative*   **Aug 2022 - Feb 2024**
- Learned core logistics processes and documentation, and used Trello and Windows to manage and complete 15+ tasks daily. (Research Skills)
- Verified shipment data for 70+ entries weekly, preventing delays by correcting documentation. (Attention to detail)
- Adapted quickly across workflows to support compliance and reduced back-and-forth with partners. (Adaptability)

United Wholesale Mortgage | *Underwriter*   **Aug 2021 - Aug 2022**
- Managed a workload of between 12 and 20 accounts daily using company CRM system, ensuring KPI and accuracy targets are met (Reliability)
- Worked with the Underwriter Advisory Board to maintain loan-approval workflows using Microsoft Office and internal policy guidelines, boosting compliance consistency (Teamwork)
- Collaborated with supervisor to focus on the accuracy metrics for the team, achieving a 99.5% error-free rate and reinforcing attention to detail in loan documentation (Training)

Rocket Mortgage | *Mortgage Loan Officer*   **Feb 2020 - Aug 2021**
- Managed pipeline of 40–50 clients monthly via Salesforce while maintaining accuracy and turnaround targets. (Accountability)
- Obtained over 20 state licenses through state and federal continuing education programs (Compliance)
- Assisted clients with account setup, documentation review, and change management. (Customer Service)
